

EMERGENCY RESPONSE:

SURGICAL DEMOLITION | STRUCTURAL STABILIZATION | DEBRIS REMOVAL

Brandenburg®

About Emergency Response

Brandenburg is the premier provider of turnkey demolition, environmental remediation, and site preparation services. We also play an essential role in emergency response situations and have assisted first-responders on many emergency situations including structural collapses, fires, and disasters. Some of these projects include the crane collapse at Milwaukee's Miller Park Stadium, the parking garage collapse in Atlantic City, the Pilsen fire located in Chicago, and the New York City September 11th disaster.

Some of the emergency services that Brandenburg can provide include consultation, specialized equipment, skilled labor, and expert structural engineering. The combination of owning specialized equipment and having employees that are experienced in working with compromised structures can prove to be vital when dealing with situations that require rescuing and protecting people.

Brandenburg actively participates in preparation, training, and awareness for emergency situations. Some of our project sites accommodated emergency response agencies for training exercises. Brandenburg has conducted presentations at various first-responder seminars to make them aware of the services our company can provide to assist them in these types of situations.

Brandenburg's dedication to safety is unparalleled. Personnel are trained in all aspects of health and safety including OSHA 1910.120 hazardous waste operations and emergency response training.

Brandenburg is committed to providing a safe work environment for our employees and our customers. We are the first demolition contractor to successfully complete OSHA's Challenge Program and to be certified as a Star Member in OSHA's prestigious Voluntary Protection Program (VPP). Star Member designation is the highest level of recognition. We maintain a staff of eight safety professionals with backgrounds in civil engineering, industrial hygiene, mining, manufacturing, pharmaceutical, chemical, refinery, and power generation. Our staff also includes a Certified Industrial Hygienist, Certified Safety Professional, Certified Hazardous Materials Manager, OSHA Construction Outreach Trainers, and two former OSHA compliance officers. Brandenburg promotes safe work practices through the use of a safety-based financial incentive program, intensive and continual worker training, and strict enforcement of the written safety program.

About the Company

Brandenburg, established in 1968, is one of the nation's premier demolition firms with a staff in excess of 400 full-time permanent employees. The company provides comprehensive asset retirement services for total plant closure as well as selective demolition designed to enhance the efficiency and profitability of ongoing plant operations. Brandenburg self-performs associated services including environmental assessments, remediation, scrap management, site preparation, electrical and mechanical utility construction and relocation, equipment salvage and rigging.

In the commercial sector, Brandenburg provides demolition services for building owners and the real estate development industry. The company specializes in projects which present challenging operational constraints and has developed a proven track record of completing these projects on time and without incident.

Brandenburg's engineering and estimating staff provides diverse backgrounds and industry-specific knowledge to design and implement exacting operational plans which are responsive to customer needs. The company performs extensive project assessment and planning to develop contract terms and specifications which address the unique requirements of each project.

The company has maintained consistent and strong annual growth by focusing on customer service to develop and deliver engineered solutions for asset retirement. Comprehensive technical expertise in safety, environmental, and utilities operations enables Brandenburg to meet demanding project schedules.

Brandenburg is a total quality management company with ISO 9001 certification.

Brandenburg is committed to providing a safe work environment for our employees and our customers. We are the first demolition contractor to successfully complete OSHA's Challenge Program and to be certified as a Star Member in OSHA's prestigious Voluntary Protection Program (VPP).

Professional Services

DEMOLITION/DECOMMISSIONING

- Industrial
- Commercial
- Highway structures
- Residential

ENVIRONMENTAL

- Asbestos abatement
- Decontamination
- Site remediation
- Hazardous waste management
- Water treatment (advanced oxidation process)
- By-products recycling
- Underground storage tanks
- Drum identification and management
- Lab packs

SITE PREPARATION

- Mass excavation
- Infrastructure development
- Dynamic compaction
- Soil stabilization

EMERGENCY RESPONSE

- Consultation
- Structural engineering
- Specialized equipment
- Skilled labor

CONSULTING

- Specification development
- Facility closure
- Environmental remediation
- Utilities system design
- Site preparation
- Surplus facility disposition
- Asset recovery

ELECTRICAL & MECHANICAL UTILITIES

- System mapping and design
- Mechanical construction, piping disconnection, and relocation
- Electrical construction, disconnection, and relocation

INVESTMENT RECOVERY

- Scrap management
- Equipment rigging
- Equipment sales
